

SAPHIRE KHANACROSS 17 MAY RESULTS

Thanks to all entrants in this second Khanacross event for 2026 for making this a most enjoyable day for all involved. Sincere thanks for the positive feedback regarding the event format and the course layout, which catered for many different classes of vehicles, from family cars to full rally cars.

The new scoreboard created by Danny Kaye of Design Post Bega became a central point for competitors to gather and check scores, as well as indulge in the usual banter. Class winners are shown below in front of this great new feature of the series.

This scoreboard also highlighted sponsors for this event. Their contribution is most welcome to keep this form of motorsport affordable for all competitors.

A standout feature of the results was the performance of the junior entrants, who all improved their course run times significantly throughout the day. At this rate of improvement, they will be right amongst the top times in future results.

Regan Hurley, our outright winner, showed everyone how to set the fastest times on this type of course. We all can't wait to see him competing in a full-on rally or rally sprint.

The Dickinson trio were also very quick on the day, sadly suffering from a flat tyre, robbing them of a high outright result. Another mention must go to Jaime Hayden, who limited his flat tyre tally to one for the day, down from 4 last event!

Another special mention must also go to Matt McDonald, again the clear winner of the award for most entertaining driver of the day in his Holden Statesman. Another entertainer was Mal Irvin with the musical contribution from his new Khanacross car horn.

The club also welcomes members to volunteer as officials for the annual Bega Valley Rally, held on the 6th and 7th June. This is an opportunity to get close to the action of a major rally. Details of how you can participate as a volunteer in this major event can be accessed on the club webpage:

Thanks again to all participants, especially the hard-working officials on the day.
